## The 14th FESTIVAL OF LIGHT at Saint-Raphaël from 4 December 2010 to 2 January 2011

In partnership with the Conseil Général du Var, the Casino Barrière and the Association for the Revival of Saint Raphaël Trade, the town of Saint-Raphaël and the Tourist Office is organising the 14th event of the Festival of Light in Saint-Raphaël from 4th December 2010 to 02 January 2011.

Saint-Raphaël is betting on light as the essential element to make it more beautiful and attractive. For this 14th event, the Festival of Light is again offering great not-to-be-missed shows and a lot of new events.

### [ AN INNOVATIVE LIGHT PLAN ]

A plan to light up the whole of the town centre and the most notable places has been organised. Thanks to meticulous planning and lighting effects designed on a theatrical scale, the old town and sea front will take on a new dimension. The lighting effects will mix in well with the street parades

[ **NEW FOR 2010** ] A musical “Le Voleur de Lune” on 4 and 5 December 2010 at the Palais des Congrès

### 6 varied LIGHT SHOW PARADES

**4 BIG SHOWS on 18, 26, 29 and 31 December at Saint-Raphaël.**

[ **NEW FOR 2010** ] 2 show-parades in the Pays de Fayence : on 19 December from Fayence to Tourrettes, and 28 December at Montauroux. The free show parades will really bring the urban areas to life and will become pillars of the fête creating the magic of a mobile show in the streets like big carnival parades

[ **NEW FOR 2010** ] From 11 to 25 December, “Pictures and Sound” scenography on the Basilica Notre Dame de la Victoire. Waterfalls of colours and shapes that keep changing to make unexpected and spectacular mosaics. 12 minute show that goes round and round.

**2 special opening days will take place on 4 December “Santa Lucia illuminated”, and on 11 December, in the town centre.**

**A skating rink** in the heart of the town.

**A Christmas Village** on the seafront, dotted with entertainment for children, such as the arrival of Father Christmas on 23 December.

**Shopkeepers’ Christmas** with entertainment put on by ARCOR (Association for Revival of Saint Raphaël Trade).

Saint-Raphaël, punctuated by parades, light shows, and the many entertainment events in the old town and in the town centre, offers an additional tourist attraction and a not-to-be-missed family outing in a well-planned and surprising setting. The Festivals of Light which show off Saint-Raphaël to its best for Christmas and the New Year are always looked forward to by our visitors and local residents.
